## ***About Management***

**Gnan Sampradaya Kelavani Khatu** is a public charitable trust run by Saptam Kuveracharya H. H. Avichaldasji Maharashri Whose religious seat is based at Sarsa. The trust has been carrying out religious, educational and health based activities since its inception in 1953. The Sat Kaival Eye Hospital is in health sector and Paramguru Pathshala Complex housing school, non-technical colleges in education sector. Sat Kaival College of Pharmacy is first technical college setup by the trust. The trust believes in providing modern, scientific and value based education.

## ***About Institute***

The **Sat Kaival college of Pharmacy** was established by the Gnan Sampradaya Kelavani Khatu (Trust) at Sarsa in the year 2006 to cater the need of Pharmacy education in rural and backward area with full commitment to promote highest professional and ethical standards of pharmacy. The Institute is approved by AICTE and PCI and is affiliated with Gujarat Technological University offers B. Pharm & M. Pharm courses. It is the first institute in Gujarat recognized as SIROs (Scientific & Industrial Research Organization) by DSIR (Department of Scientific & Industrial Research) Government of India New Delhi.

## ***Herbal Medicine***

Throughout human history, people used various materials from nature to cure their illnesses and improved their health. In which herbal formulation plays an eye catching role in globe. Ethnopharmacology studies are natural medicines which derived from plants and other substances that have been traditionally used by groups of people to treat various human diseases. Herbal medicines are preferable because easily available, economical, and heal the disease from root. So, herbal medicines and ethnopharmacology development is useful for not only society but also the scientist, the researcher, academician.
