International Conference

on

FOSTERING HIGH QUALITY CLINICAL RESEARCH FOR A HEALTHIER WORLD

26th November, 2022

at
Rajeshwari Auditorium,
NIMS University Rajasthan, Jaipur

Organized By
NIMS Institute of Pharmacy,
NIMS University Rajasthan, Jaipur (India)

About Us

NIMS University, Jaipur, Rajasthan, is one of India's leading universities and the largest self-financed university and is structured as a composite model university. It was established under the NIMS University Act, 2008, enacted by the Government of Rajasthan, and recognized by the Government of India under Sections 2(f) of the UGC Act, 1956, and accredited by NAAC with 101-105 NIRF ranking. It is among the few professional universities in the Nation that has all the modern amenities and provides the highest caliber of education in various courses. The University is on a sprawling campus, surrounded by the Aravalli hills and in one of the country's most picturesque cities, Jaipur. It stands tall in the Aravalli hills along the Jaipur-Delhi Highway, boasting its State-of-the-Art infrastructure.

NIMS Institute of Pharmacy

NIMS Institute of Pharmacy, one of the constituent colleges of NIMS University, was established in 2006 with the objective of imparting quality education in India. The mission of the institution would strive hard to have a fully equipped diploma, graduate, post-graduate studies, and research center. Today the college is one of the most prominent graduate, post-graduate studies, and research institutions in the state of Rajasthan, imparting quality pharmaceutical education at different levels.

About Conference

The International Conference on Clinical Research program will be held on 26th November 2022 by NIMS Institute of Pharmacy, Jaipur, Rajasthan, India. The conference is attentive to the theme "Fostering high-quality clinical research for a healthier world." This conference includes an extended Keynote demonstration and, it takes the privilege to invite all the participants, speakers, students, delegates, sponsors, exhibitors from all over the world to attend our conference.

Clinical research is a way to test new trends in diagnosing, handling, or staving off health conditions. It covers expensive, critically important sessions that deal with the stream of research improvement in pharmaceutical sciences, healthcare, and internal medicine. In addition, it deals with the latest drug research and development manner forged by scientists to treat and heal various diseases earlier and easier. This conference is the most incredible platform for attendees to learn about new pharmaceutical and healthcare trends. You can refresh your knowledge about the current circumstance of pharmaceutical sciences and internal medicine and get name and acknowledgment at this occasion. Medical and healthcare-related education is presently a substitute. This meeting will give the stage to share and improve skills and knowledge. Incredibly famed speakers with their definitive chats on the updated manner and strategies in clinical research are the signs of this meeting.

Why to attend?

The current conference is a multidisciplinary program with broad participation of members from around the globe fascinated with learning about clinical research and its procedures. This is your foremost opportunity to reach the substantial assemblage of participants from academia, clinical research entities, medical groups, related associations, societies, jurisdiction agencies, and pharmaceutical, biomedical and medical device industries.

The conference will argue disparate disciplines involved in the pre-clinical research and conduct of clinical trials; it will educate healthcare researchers about the design, operation, organizing, research computing, regulatory aspects, and reporting of clinical trials. It promotes prominent understanding by the general public about the importance of clinical trials in preventing, diagnosing, and treating disease. This conference conduct presentation, dispense information, meet with current and potential scientists, make a splash with new clinical research developments, and receive name recognition at this occasion. World-distinguished speakers and the greatest latterly techniques, developments, and current clinical research updates are hallmarks of this conference.

About IPGA

Indian Pharmacy Graduates' Association was established in the year 1973. The Association is registered as a Society under the Registration of Societies Act, 1960. The Association is affiliated to Indian Pharmaceutical Congress Association (IPCA), the federal body of the five Associations namely IPGA, IPA, IHPA, APTI and AIDCOC. IPGA has got Income Tax Exemption under section 80G (5) (vi) of the Income Tax Act 1961.

Mission Statement

To improve the professional status of Pharmacy Graduates and to secure their rightful positions in the Pharmacy and other allied Professions.

Objectives:

The main objectives of the Association are:

- To ensure proper Education and Training for Pharmacy Graduates.
- To convey the faculty the specific role played by Pharmacy Graduates.
- To ensure benefit to the faculty about the capability of Pharmacy Graduates.
- To foster mutually beneficial relations amongst the members and to inculcate a sense of Professional Ethics.

Vision

Quality Pharmacy Professionals delivering pharmaceutical services for the global health care system.

- To liaise with the decision making authorities and employees to project the contribution of Pharmacy Graduates and to strive to get the Pharmacy and other allied professions, positions and perks commensurate with their qualifications and contributions.
- To represent at all places and times whenever an injustice is done to the rightful position of a Graduates Pharmacists within the constitutional frame work of our country.
