ABOUT US

Royal College of Pharmacy and Health Sciences (RCPHS) is one of the premier and oldest pharmacy institutions in the state, known for its excellence in pharmacy education and research. The college provides a strong academic and research environment and has served as a recognized center for numerous Ph.D. and D.Sc. scholars. Its distinguished alumni hold key positions in government, academia, research, and corporate sectors, reflecting the institution's legacy of quality and excellence.

MISSION

To equip the students with the best of technical knowledge & skills, nurture scientific temperaments, identify hidden talents, inculcate professional ethics and human values and provide opportunities for students to realize their full potential, thus mould them into professionally superior and ethically strong global manpower with the ability to adapt to an intellectually and technologically changing environment and to become future leaders.

VISION

To emerge as an advanced center of professional learning and research of International standing in the field of Pharmaceutical Education and Research.

QUALITY POLICY

Royal College of Pharmacy and Health Sciences is committed to impart "Quality Education & Training", so as to shape highly skilled human resources through continual improvement and with the participative efforts of the management, staff, students and parents.

ACHIEVEMENTS

Students excel in competitive exams, secure prestigious placements, and achieve success in sports, cultural, and academic arenas.

ABOUT THE PROGRAMME:

- This one week faculty development programme (FDP) aims to enhance the knowledge, skills and competencies of educators in the field of pharmacy and health sciences.
- The program will include expert lectures, interactive sessions, hands-on workshops and discussion forum.

OBJECTIVES

- To update knowledge in emerging areas.
- To develop innovative teaching-learning strategies.
- To foster research and academic collaboration.
- To promote professional growth and excellence.
